

5th January 2018

Dear Parents,

As part of our 'People Who Help Us' Learning Journey, we would like the children to complete a homework project to support their wider learning.

The children can choose 1 of the activities they would like to do from the list of activities below. We expect the work to be presented to a high standard and the children's own work. You may use the homework book or complete the project separately.

Draw a picture of a person who helps us. Can you label the picture? Label what they are wearing. Label any equipment they might use.

Make a junk model emergency vehicle. Write down what you used to make your model. Take photographs showing how you made it.

Create a fact file about a person who helps us. Ask your adult to help you use the internet to research information. What interesting facts can you find out?

All homework is due to be handed in on **Monday 5th February 2018.**

All homework projects will receive recognition of effort through a certificate and the awarding of house points.

We hope you enjoy supporting your child in completing their project.

Yours sincerely

Miss Webber and Miss Owens
